

# The Colchester Boma 7

For all lovers of the countryside who can't get out to enjoy it quite as fully as they would like, whether on account of injury, older age or disability, the Colchester Boma 7 is here for your use and we would love to hear from you....

## **What is the BOMA 7?**

An off-road, all-terrain vehicle for community use by mobility-restricted walkers and chair users. Capable of negotiating hills, banks and ditches, and almost any surface conditions, including mud, snow and sand. Battery-driven, easy to operate, adjustable and comfortable, not to mention super-good-looking, the BOMA 7 is your ticket to roam...

## **Where can I use the Boma?**

The BOMA has a permanent home at High Woods Country Park and can be used there to explore its full 400 acres of woodland, lakeside and meadows.

...continued overleaf

## How can I use the Boma?

*There are 3 main ways to use the BOMA.*

1. BOMA open afternoons – run throughout the spring and summer (late March to end of September) when the BOMA can be booked for an hour or more in the park. *Walk Colchester* volunteers are on hand to provide induction and support. Outside of these dates, we are also happy to make occasional individual arrangements, subject to our availability.

We also occasionally take the BOMA off-site (the coast at Walton-on-the-Naze, Alton Water, Rendlesham Forest are favourites). *Walk Colchester* volunteer/s are on hand and time on the BOMA can be booked in just the same way.

*In addition, regular users of the BOMA may wish to join CB7C...*

2. The Colchester BOMA 7 Club (CB7C) – experienced or regular users may access the BOMA independently throughout the year, subject to agreements on Boma care and park use, and of course booking.
3. Group use of the CBC7 – finally, organisations working with or representing disabled or older people may book and run group sessions independently, subject to staff member/s training as BOMA volunteers with *Walk Colchester*. If you belong to a relevant group, you may wish to suggest they look into this option!

## Be in touch

For more information (whether for yourself, or for somebody you know including details of BOMA trial days and open afternoons, visit our website (below), or contact us directly. We are excited to hear from you!

## All enquiries welcome
